5 STEPS TO CURLS FOR SHORTER HAIRSTYLES

STEP 1

Wash and condition with CLEAR Scalp & Hair™ Total Care Shampoo & Conditioner.

STEP 2

On towel dried hair, distribute a dollop of Alberto European® Curls & Waves Mousse to hair from roots to tips, then spray hair with TRESemmé® Thermal Creations® Heat Tamer® Spray before blow-drying.

STEP 3

Take thin vertical sections of hair at the hairline and lightly mist with TRESemmé® Thermal Creations® Heat Tamer® Spray. Use a curling iron to curl each section back away from face. Continue until all hair is curled.

STEP 4

Run fingers through hair to blend and loosen curls slightly.

STEP 5

Finish the look by spraying with Alberto European® Extra Hold Hair Spray.
